98. The General Assembly is requested to approve transfers between budget sections of the programme budget for the biennium 1992-1993. Under the expenditure sections, the reduction resulting from these transfers and from the savings generated by the abolition of high-level posts is estimated at $4,307,500, including a reduction of $1,017,100 under section 36, Staff assessment. The latter would be offset by a corresponding reduction in the same amount under Income section 1, income from staff assessment. Revised estimates for 27 sections of the programme budget as shown in table II above are hereby submitted for approval.
